EIGHTEEN HUNDRED MEN

In a Mine When a Gas Explosion Took Place.

Many Miners Were Killed, But the Full Extent of the Catastrophe Is Not Yet Known.

Paris, France, March 10---Special---This morning a gas explosion killed many miners in a coal mine in the Courreres district near Bethune. The full extent of the catastrophe is not yet known but it is known that eighteen hundred men went into the mine this morning.

BACK WAS BROKEN

Harvey Van Pelt Fatally Crushed Beneath

A PENNSYLVANIA TRAIN AT AN EARLY HOUR THIS MORNING WHILE ON

HIS WAY TO WORK AND DIED TWO HOURS LATER AT THE CITY HOSPITAL.

Harvey Van Pelt, living at 519 north Cole street, was crushed beneath the wheels of an east bound freight train on the Pennsylvania railroad this morning at six o'clock while on his way to work at the Deibel-Wiemer cigar factory. It is stated that while riding from his home to the works which are located at Main street and the railroad, and while in the act of getting off he was thrown under the wheels. Bennett's ambulance was called and he was removed to the city hospital in an unconscious state. An examination proved that his back had been broken, his right leg was cut off and he suffered bad bruises about the head. He remained unconscious to the end, passing away about eight o'clock. Deceased was 28 years of age and a single man. The funeral will leave the house at nine o'clock sun time, Monday morning. Interment will be at Salem, Rev. Pugley in charge of the services.

Klatte

Embezzlement Case is Now in the Hands Of Twelve Men—Attorney Klinger

Makes a Strong Plea For the Defendant

The case of Attorney John Klatte, the well known lawyer about town, went to the jury this afternoon at three o'clock. Prosecutor Welty making the concluding argument.

Mr. Klatte, it will be remembered, was indicted by the last grand jury on the charge of Mrs. Matilda Dreshner, who alleged that she gave him \$500 to deposit in the bank for her. This was something like three years ago. Later she called at the bank and found that she had no credit. Then Mr. Klatte gave her his note for the amount, but not satisfied with this she requested Mr. Klatte to have his father sign the note. This he refused to do and the matter was then taken to the grand jury.

In his defense the accused recites the fact that he was acting attorney for the plaintiff and, as such, he handled considerable worldly goods for her, at one time receiving the sum of \$2,500 at Wapakoneta, and that upon his return to this city he said to Wm. McHenry \$100 as part payment on certain property on south Pine street and that on the 30th day of December, 1902, he deposited the \$2500 in the Metropolitan bank here. Then on the 31st day of the same month, he withdrew \$1700 which he turned over to a Mr. Ridenour as a balance on the above named property. Other small disbursements and his fees for the work reduced the original amount to the sum in dispute, \$690.

Now in his testimony on the stand yesterday, Klatte alleged that the money was loaned to him by the plaintiff, he giving her no papers for it, saying that she requested him not to do so, as she didn't want her family or children to know that she had loaned him the money.

Injured In a Collision of two Freight

TRAINS ON THE CLOVER LEAF RAILROAD, SEES THAT COMPANY FOR \$1,100.

In Common Pleas court this afternoon a petition was filed by William D. Shepard, of Delphos, for \$1,999 damages against the Clover Leaf railroad. In the petition the plaintiff alleges that while employed by that railroad company as fireman the engine on which he was working collided with another engine and in order to escape being crushed he jumped and in so doing, suffered the fracture of his right arm, and the dislocation of the same member at the elbow joint. He was otherwise injured in a permanent manner.

Haugh Guilty of Murder

And the Dayton Physician Must Go to Chair.

Condemned Man Indifferent to His Fate,

But Quailed at the Story of the Prosecution,

IN WHICH THE HEINOUS CRIME OF SLAYING HIS FATHER AND MOTHER WAS SKILLFULLY SET FORTH.

Dayton, Ohio, March 10.—After one of the most strenuous fights in the history of Ohio criminal jurisprudence, Dr. Omer C. Haugh was found guilty of murder in the first degree, the jury returning this verdict, unaccompanied by a recommendation of mercy, at 6:45 p. m., yesterday, having been in deliberation three hours.

The prisoner received the news in his usual spirit of indifference, but the hearing of his mighty chest and the twitching of his eyelids showed eloquently the conflict of emotions that dictated the killing of mother, father and brother in a dual spirit of revenge and greed.

The verdict shows that 12 men who constituted the jury believed, after carefully weighing all evidence, that the accused was guilty of the heinous triple crime, the equal of which has never been known in this vicinity.

The closing scenes of the trial were dramatic in the extreme, the speeches of both counsel and defense being eloquent and forceful. Under the withering fire of the state's summing up, in which the long line of facts and circumstances were skillfully set forth, Dr. Haugh quailed and trembled, but was careful to conceal as much as possible all traces of his emotion. Judge Brown gave his charge, which was a strong and graphic portrayal of the law governing the crime of murder, to the jury at 3:45. Immediately after the reading of the verdict Attorney Mattern, counsel for the defense, made a motion for a new trial.

The crime for which Haugh has been convicted and for which, if the spirit of the law as represented in the verdict be carried out, he will die in the electric chair, was the burning of the home at which he was born and reared, and which, at the time the torch was applied, was occupied by his parents, Mr. and Mrs. Jacob Haugh, and his elder brother, Jesse, at an early hour of the morning of November 5.

Saturated With Oil. The prosecution, during the trial, also established the fact that the bodies of the victims were saturated with kerosene after he had administered to them hyoscine, a deadly drug which produces paralysis of the nerves and attendant unconsciousness.

Perhaps the most damaging testimony introduced during the trial, aside from that given by neighbors of the Haugh family, who were early on the scene, was that produced by Mrs. Della Betters, who was secretly

Three Charged With Murder

Moyer, Haywood and Pettibone Arraigned at Caldwell, Idaho.—All Are Indicted Jointly.

Each is Accused of Having Personally Participated in Causing the Death of Former Governor Frank Steunenberg—Further Proceedings Postponed Until Friday of Next Week.

Boise, Idaho, March 10.—Charles H. Moyer, William D. Haywood and George A. Pettibone were arraigned before Judge Frank Smith at Caldwell under indictment charging them with the murder of former Governor Frank Steunenberg. On the motion of counsel for the prisoners, who wished time to prepare a motion to quash the indictment, further proceedings under the circumstances were postponed until

next Friday, when the defendants again will be brought into court to enter their pleas. Moyer, Haywood Pettibone and Jack Simpkins are indicted jointly, being charged with having murdered Frank Steunenberg. There is in the indictment no mention of the Western Federation of Miners, nor any charge of conspiracy. So far as the indictment shows, each is accused of having personally participated in the crime charged.

The indictment contains three counts, all of a similar nature. The gist of the charges is that the accused men placed a deadly box or bomb filled with giant powder, caps, sulphuric acid and other explosives at the gate in front of Frank Steunenberg's residence with the intention of killing him. One count charges the actual murdering of Steunenberg by causing the bomb to explode as Steunenberg was entering his yard. The names of 20 witnesses, including Harry Orchard, who has confessed to his part in the crime, are indorsed on the indictment. After the indictment had been read Judge Smith asked if the prisoners had counsel. Attorney Richardson of Denver replied that himself, Clarence S. Darrow of Chicago, Fred Miller of Spokane, and John F. Nugent of Silver City, Idaho, would represent the prisoners. Attorney Richardson then entered his motion for a continuance, which was not opposed by the prosecution.

Conductor Goebel

Of the Lake Erie & Western Railroad

Identified Donovan and the Photograph of Harry Slater,

As the Men who Boarded His Train at Ft. Recovery

TWO DAYS AFTER THE ROBBERY AT RIDGEVILLE—THE TWO MEN CAME TO THIS CITY, ALIGHTING IN THE SOUTH LIMA YARDS.

CONDUCTOR GOEBEL ALSO TOLD OF SLATER GETTING ON HIS TRAIN TWO DAYS LATER AT LIMA AND GOING TO FREMONT.

Winchester, Ind. March 9.—The state witnesses, in their testimony

ly brought here and who testified that she had married Haugh several years ago at Ludington, Mich., after he had represented to her that he was a single man. She also testified that she left him immediately after he had brought her to this city, when she met his present wife, then first learning of the arch fiend's duplicity.

During the progress of the case, which has extended over 10 days, there were 54 witnesses examined, and the public has shown an intense interest in every detail of the case. In an effort to convince the jury that he was not responsible for his acts during the trial and therefore establish the plea of insanity, Haugh has ingeniously feigned insanity and in this way succeeded in dodging the witness stand. The counsel for the defense, however, evidently convinced of the futility of an effort to secure his acquittal on the grounds of his mental deficiency, made no attempt to use this as a means of defense, apparently believing that the circumstantial evidence was not sufficiently convincing to justify a verdict of guilty.

today, started out to make a strong case against James Donovan, who is on trial for being one of the gang that robbed the bank at Ridgeville last October. The state will finish its case early in the morning, and if the present defendant has as little defense as his alleged pal, Burke, the jury will receive their instructions some time Friday.

The most important witness today was Charles Goebel, of Sandusky, O., a passenger conductor on the Lake Erie & Western railroad. Mr. Goebel testified that on the second morning after the robbery at Ridgeville two men boarded his train going east at Fort Recovery, O., getting on from the opposite side from the station. He said that the men looked worn out and were all covered with mud and in a dilapidated condition. They rode in the smoking car, and today he identified Donovan as one of these men. The other one, the conductor said, after examining a photograph, was Harry Slater, the supposed bandit who received fatal wounds at Lima in a raid on a saloon.

Slater Dressed Up. The conductor said that he noticed the men particularly and was suspicious of them, having read of the bank robbery. He said that Donovan had a swollen face and that they alighted from the train in the South Lima yards. Also, Goebel told of Slater getting on his train two days later at Lima and going to Fremont, and said that he was all dressed up, new clothes and overcoat and he mentioned the matter to his brakeman.

William Keane, also of Sandusky, and brakeman on the Lake Erie, corroborated the conductor as to Donovan getting on the train at Fort Recovery and positively identified the man.

M. A. Reed, a Farmland traveling man, testified that he had seen Donovan in Ridgeville on the Saturday before the bank robbery, and on cross-examination said he remembered him because he had a mean look.

Looking For Tools. Matthew Jolson, ex-marshal of Ridgeville, stated that he saw Donovan the Saturday before the robbery in Ridgeville. He said that Donovan was looking down in the gutter like he had lost something.

Joseph Landrich, blacksmith at Ridgeville, from whose shop tools were stolen to break into the bank, testified that a few days before the robbery a young man came into his shop, looked around and walked out

without saying anything. Today he identified Donovan as that man and said that he was all covered with coal dust at the time as if he had been riding a box car.

William Wilmore, who was in the blacksmith shop at the time, also identified Donovan and said that the stranger looked at the fastenings on the doors when he went out.

Several witnesses from Ridgeville, including Cashier Branson and Marshal Landers, told of the excitement the night of the robbery, but could not identify the defendant as being one of the party.

Miss Inez Leggett, of Portland, testified as to Burke and Slater, the latter being identified by a photograph, being at her father's restaurant at Portland the morning before the robbery, just after the train came in from Lima.

DONOVAN CONVICTED. Chief of Police Mills received a telegram this morning saying Donovan had been found guilty, the jury returning a verdict this morning.

College Debates.

New York, March 10.—Cornell university was the scene of a triangular debate with the University of Pennsylvania and Columbia university. Teams representing the three institutions met simultaneously in New York, Philadelphia and Ithaca. Cornell won from Pennsylvania at Philadelphia and from Columbia at Ithaca. Pennsylvania took second honors by defeating Columbia in this city. The subject of the debate was: "Resolved, That American cities should seek the solution of the street railway problem through private ownership and operation." Cornell won on the affirmative of the proposition at Ithaca, and in Philadelphia the Cornell debaters defeated Pennsylvania by upholding the negative. In the debate in this city Pennsylvania won from Columbia on the negative of the question.

Taft Blasted For Supreme Bench.

Washington, March 10.—The Post says: "President Roosevelt has decided to appoint William H. Taft of Ohio, now secretary of war, to the next vacancy in the United States supreme court. That vacancy is to be created by the voluntary retirement of Associate Justice Henry B. Brown, who was appointed in 1890 by President Harrison from the state of Michigan. When Chief Justice Fuller retires—provided it is during the administration of Mr. Roosevelt—Mr. Taft will be promoted to his exalted position. The president has discussed the entire situation with his secretary of war, and the latter has given his assent to the program."

Fire in Frisco.

San Francisco, March 10.—A five story stone building at 31 Sansome street was partially destroyed by fire. The building was occupied by Cunningham, Curtis & Welsh, wholesale florists, the United Lithograph company and the Louis Roesch Printing company, all of whom suffered quite heavily. No reliable estimate of the loss has been made, but it will probably exceed \$500,000.

Expelled as a Traitor.

St. Petersburg, March 10.—The Gapon labor organization has expelled Father Gregory Petroff as a traitor. The revelations resulting from the recent scandal have seemingly destroyed the usefulness of the organization. The Social Democrats are printing a paper for circulation in the barracks in order to spread their principles among the troops.

Further Trouble Probable.

Peking, March 10.—The settlement of the responsibility for the massacre of French Catholic and English Protestant missionaries at Nanchang February 24 promises to be difficult and continues to excite almost unfeigned interest. The Chinese profess to believe that a Catholic priest stabbed

the missionaries to death and that the missionaries were killed as a result of the massacre. The Chinese government is despatching a patrol force, director of railways, to inquire into the case. It was reported abroad and has had much dealing with foreigners, but it is admitted that he has a delicate mission. If his report favors the Christians further trouble is probable. The inhabitants of Nanchang are still hostile and demand that the French pay funeral honors to the deceased missionaries. The officials of Nanchang protest against the presence of foreign gunboats, fearing that they will provoke hostilities.

Victims of Mine Fire.

Calumet, Mich., March 10.—The bodies of three men lost in the Tamarack mine fire two months ago were found at the 27th level of No. 2 shaft, where the fire started. The victims were Michael Simonovich, Samuel Boshovich and John Yaksa. The fire has caused a loss of half a million in copper production.

Revolutionists Captured.

Kieff, Russia, March 10.—A cordon of troops surrounded a secret meeting of social revolutionists and captured seven men, two women and fifteen soldiers, among them being an officer. The soldiers were conveyed to the city and the others were taken to prison by the police.

Advance in Wages.

Lawrence, Mass., March 10.—Following the action yesterday of the Pacific cotton mills management in posting notice of an advance in wages for 5,000 hands on March 19, the agent of the Everett cotton mills notified his 1,200 employees that their pay will be increased at that time. The amount of the proposed advance was not given, but it is thought that it will average ten per cent.

Censorship Discontinued.

Montevideo, Uruguay, March 10.—The censorship which was established here on the discovery of the recent revolutionary movement has been discontinued. The political clubs have been reopened and the newspapers which were suppressed have been permitted to resume publication.

Pointed To His Wife's Grave

And Induced the Norwalk Girl to Wed Him, While Others Claim Him as Their Husband.

MANIA FOR MARRIAGE IS AScribed TO REYNOLDS, WHO IS COMPARED WITH HOCH, THE BIGAMIST.

Police Chase Started For the Cleveland Man, Whose Princely Salary Is Known to Have Supported Two Separate Families, and Perhaps More.

REYNOLDS'S MARRIAGES.

- No. 1—Formerly Miss Lily Cook, married Reynolds in Buffalo in 1884; mother of his four children; living at 62 Northampton street.
- No. 2—Miss Belle McKenzie, a saleswoman, married Reynolds in Chicago in 1902; died at Lakeside hospital Apr. 1, 1904.
- No. 3—Miss Mae Smith, aged 21; married Reynolds in Norwalk at 11:30 p. m. Monday; now at her home in Norwalk.
- No. 4—, mother of the nine-year-old girl at school at Blairsville, Penn.

Cleveland, Ohio, March 10.—Harold Reynolds, man of multiple loves and lives, is compared to Johann Hoch, the arch bigamist recently hanged in Chicago, by Prosecuting Attorney Wickham, of Huron county, who arrived in Cleveland with Sheriff Snyder to begin their quest for the fugitive.

"I consider Reynolds a character with a similar mania for marriage," said Mr. Wickham. "I shall not be surprised if several other women who supposed themselves his wives are discovered through the publicity now being given the case. The theory that the little girl in Pennsylvania is the daughter of still another bigamous wife I consider quite plausible."

The Norwalk officers went to Central Station on arrival and held a conference with Inspector Rowe, asking him formally to detain Reynolds should he return here. Prosecutor Wickham said later that curators with Reynolds's picture, which the police here have, would be sent to police departments throughout the country, with a request for his arrest.

Wired Many Cities. Sheriff Snyder said he had communicated with the police of Pittsburgh, Buffalo, New York and the lake cities, where Reynolds is accustomed to go. He had not yet decided whether it would be worth while to watch Blairsville, Penn., where the little girl is said to be in school. The search would be directed from Cleveland, he said, and he did not expect to go further, unless word was received of Reynolds's arrest.

Reynolds is now a fugitive from justice, formally charged with bigamy in a warrant sworn to in Norwalk by Miss Mae Smith, the girl he inveigled into a form of marriage at her home at midnight, and with whom he started next morning for a trip, as he said, to Europe.

Stranger even than his inexplicably held marriage in Norwalk Monday is the story of how Reynolds lived with two different wives at the same time in Cleveland until death removed one of them, as told by the mother of the dead woman last night to the deserted wife and the deserted girl, who had believed herself a wife, and retold by the latter today at her Norwalk home.

His Double Life.

Mrs. D. McKenzie, of the Phoenix Apartments, is sponsor for the story of Reynolds's double life in this city after his marriage, which she is now convinced was bigamous, to her daughter, Belle McKenzie, in Detroit in 1902. From then until the young woman's death, in 1904, Reynolds lived with her and with his legal wife on Northampton street, spending part of the time with each. The story of Wife No. 2 explains some points that were obscure in the story of Miss Smith. For one thing it accounts for the grave marked "Miss H. J. Reynolds" in the West Side Cemetery, over which Reynolds shed a few sympathetic tears when he took Miss Smith there a few weeks ago and related to her the good qualities of "his first wife." It also explains the name McKenzie

given by Reynolds to Miss Smith as the maiden name of his former wife.

One discrepancy in this story, however, suggests this question: Was there a Mrs. H. J. Reynolds No. 4, one as yet unheard of? For Reynolds told Miss Smith with much detail of the existence of a daughter, who, he said, was at school at Blairsville, Penn. This girl he said was 9 years old and the daughter of his former wife and himself. Mrs. McKenzie is positive that her daughter bore Reynolds no children. Besides Miss McKenzie met Reynolds first less than three years ago, and married him less than two years ago.

Investigating Perjury Charges.

New York, March 10.—Consideration of the charge of perjury against Col. Wm. D. Mann, editor of Town Topics, was begun by the grand jury. The charges grew out of the trial of Norman Hapgood for criminal libel and was based on the testimony given by Colonel Mann at that trial denying that he was the writer of initials which appeared on a letter. Recently Colonel Mann underwent a long hearing upon this charge.

Robbed of Five Thousand Dollars By Western Hold-Up Men.

Kansas City, Mo., March 10.—E. Meegan, a railroad contractor of Camden, Mo., reported to the police that three men, on the pretext of selling him mules, lured him to a secluded spot in the woods near Rosedale, Kan., a suburb of this city, and robbed him of \$5,000. Later Meegan captured one of the men, C. C. Miller, of Oklahoma City, Okla., in whose pockets \$2,000 was found. Miller claimed the money belonged to him. Both Miller and Meegan were held, Meegan as a witness.

Conspiracy to Defraud.

Cripple Creek, Col., March 10.—After being out only 35 minutes a jury in the district court returned a verdict finding J. J. McEachern guilty of conspiracy to defraud an insurance company. The penalty is from one to fourteen years' imprisonment. Seven persons are charged with being implicated in the conspiracy, but separate trials will be given each.

Duffy's Pure Malt Whiskey**AIDED GIRL TO ELOPE**

Parents Advised Maggie Self, 14, in Her Flight.

GROOM'S FATHER OBJECTED AT FIRST BUT LATER BLESSED YOUTHFUL COUPLE.

Cincinnati, March 10.—Ernest Harris, 17, and Maggie Self, 14, fresh from the country, were married Tuesday.

Blushing and giggling the two children who had grown up beside each other on adjoining farms near Derby, O., wandered back to the Princeton hotel after the "wedding was over" and confided a gorgeous marriage certificate emblazoned with roses and doves and clasped hands to Clerk Johnson for safe-keeping.

Then they took dinner at a Fifth street restaurant, bought unlimited quantities of chewing gum and candy and started out to see the town. "Geo. This town reminds me of Columbus," was the bridegroom's admiring comment after a survey of Cincinnati from Fountain square.

Maggie's Folks Wiling.

The marriage started out as an elopement on one side, Maggie Self's parents with nine other children at home were perfectly willing for her to get married. J. W. Harris, of Lima, O., the bridegroom's father was not so willing, having only three children at home, the other three being married.

But despite the objections of Harris, sr., the boy and girl planned to elope. They left Derby at 2 a. m., cheered on by the bride's sleepy parents who stayed awake to get her up in time.

They caught a train at Sterling at 4 a. m., but the boy's father overtook them, boarded the same train and came to Cincinnati to extend his blessing, having changed his mind during the hurried ride in the cold dawn.

The bridal day of Maggie Self and her neighbor, Ernest Harris, ended with a trip back to the Harris farm, Tuesday night.

RESERVOIR Is Up to the High Water Mark

HAS LARGEST VOLUME OF WATER IN YEARS AT THIS SEASON—NO JOHNSTOWN DISASTER LIKELY TO OCCUR.

The reservoir is pretty well up to the high water limit, says the Colima Standard.

This statement is intended to call attention to the fact that another big overflow, similar to that of 1901, is likely to occur if the water is not kept down before the time the spring rains begin. The great source has been an exceptionally dry one. There has been little water, however, let out of the reservoir into the canal and as a result the reservoir basin is fuller than it should be. No Johnstown flood is likely to occur as a result of high water conditions, but there is likely to be a whole lot of damage done and the state may again be called upon to subsidize the overflow damage problem if it is not looked after in time.

The danger point is not yet reached but it easily could be should there be the usual heavy rainfall during March and April.

Turn About Is Fair Play

SO THINKS THE MANAGER OF LIMA OPERA HOUSE.

(Findlay Republic)

The manager of the Faurot Opera house in Lima sent two men to this city Thursday to post a number of bills advertising the appearance of "The College Widow" at his theatre on the evening of March 15. A number of merchants and others in this city objected to having the bills placed in their place of business, but the agent having the work in charge was equal to the occasion and retaliated, saying that Manager Cunningham, of the Marvin, covered a their town a month ago, when Mrs. Pike was in Findlay, and it was their turn now, as turn about was no more than fair play.

The great football play appears in Lima on the same evening that "Babes in Toyland" is booked to appear at the Marvin, but the crowd will rally to Manager Cunningham and the great "Babes in Toyland."

Dynamiters to Get Light Sentences for Confessing

CONVICT GETS A PROMISE—LYNCH TO BE TAKEN CARE OF FOR TESTIFYING IN TRIAL OF ISAAC SHEELEY, THE FARMER.

Wapaltona, O., March 10.

There was no session of the Sheeley dynamiting trial today, court having adjourned to Monday out of deference to Jurymen Link, whose father died Wednesday. The funeral was held today. To show the interest of the state, Charles Sullivan, an inmate of the jail, said Colton and Wright, the confessed dynamiters, had told him that as a result of their confession they expected to get no more than a year, and John Dellinger, former guard at the penitentiary, who brought Elijah Lynch to testify before the grand jury, said that W. H. McClintock, secretary of the state board of public works, had promised "to make it all right with Lynch." By testimony as to the nature of the reservoir basin, the defense endeavored to show that Colton and Wright have been retorted by personal motives as fishermen, to dynamite the bank, thus causing the waters to recede to the natural prairie basin, where nothing could be done without encountering logs and stumps.

The defense will occupy one more day of the court's time. The state has numerous witnesses to bring in rebuttal.

SIX HUNDRED MOROS SLAIN

American Casualties In Attack on Mount Dajo Total Fifty-two.

OUTLAW BAND WIPED OUT

After an Engagement Lasting Through Two Days the Mountain Stronghold Was Captured—Moro Constabulary Did Excellent Work in Storming the Position of the Hostiles.

Manila, March 10.—The cable between Jolo and Mindanao is broken and there is only a launch service between the two islands. As a result of the interruption of the cable service further details of the recent battle on Mount Dajo are not available, but the military authorities are endeavoring to speedily obtain them. Apparently there will be no more fighting on the island of Jolo. On the island of Mindanao federal troops and constabulary are pursuing hostile Moros and probably some unimportant engagements will follow. Advice at hand show that the attack on Mount Dajo was a most notable one. Major General Wood directed Colonel Joseph W. Dunham to attack the Moros in the crater and capture or kill them. This was accomplished after repeated demands to surrender. Six hundred Moros were killed. It is believed that no prisoners were taken.

The attack was made under the most hazardous conditions. Starting early in the afternoon of March 6, the assailants climbed for a distance of 2,100 feet up the lava cone, the thickly wooded ridges of which furnished the only foothold. The last 500 feet of the ascent was at an angle of 60 degrees, and the last 50 feet almost perpendicular. At the top were 600 fanatical Moros armed with rifles and knives and supported by native artillery. The fortified crater was almost invisible and seemingly inaccessible. At the word of command, the troops rushed into the crater and a hand to hand encounter followed.

Washington, March 10.—No further reports of the fighting in Jolo have reached the officials here. In addition to the advice to the war department it had been expected, in view of the participation of the blue jackets, that some message in the way of an official report from that source also would be forthcoming, but no report has yet reached the navy department officials. It is possible, however, that a report on the affair may soon reach the navy department.

The Sixth Infantry, which seems to have borne the brunt of the fighting, was from Fort Leavenworth, and has been in the Philippines about a year. The officers of the general staff, fully acquainted with the habits of the Moros, say they have not the slightest fear that the Moros will try to retaliate for the crushing defeat administered to them. These officers judge from the dispatch from Manila that there were really two actions, the first probably a surprise, and serving merely to locate the position and establish the strength of the Moro defenders. This having been done, the second day seems to have been occupied in holding the artillery and ammunition supplies to position from which to operate on the Moro fortress in the crater, and the second action, fought under the conditions described, on the slope of the mountain at an angle of 50 degrees, undoubtedly broke the Moro strength in that locality for an indefinite time.

\$2.50 SENT FREE.

The Well-Known Specialist, Franklin Miles, M. D., L.L. B., Will Send His Book and \$2.50 Worth of His Personal Treatment Free to any Reader.

There never was a better opportunity for persons suffering from diseases of the heart, nerves, liver, stomach and kidneys to test, free, a remarkably successful treatment for these disorders. Dr. Miles is known to be a leading specialist in these diseases and his liberal offer is certainly worthy of serious consideration by every afflicted reader. This opportunity may never occur again.

His system of Personal Treatment is thoroughly scientific and immensely superior to other methods. It includes several new remedies carefully selected to suit each individual case and is the final result of twenty-five years of very extensive research and great success in treating these diseases.

Each treatment consists of a curative elixir, tonic tablets, eliminating pills and usually a plaster. Extensive statistics clearly demonstrate that Dr. Miles' Personal Treatment is at least three times as successful as the usual treatment of physicians or general remedies sold at the stores.

Col. E. B. Spileman, of the 9th United States Regulars, located at San Diego, Cal., says, "Dr. Miles' Special Treatment has worked wonders in my son's case when all else failed. I had employed the best medical talent and had spent \$2,000 in doing so. I believe he is a wonderful specialist. I consider it my duty to recommend him." "For years I had severe trouble with my stomach, head, neuralgia, sinking spells and drowsy. Your treatment entirely cured me."

Mr. Julius Keister, of 350 Michigan avenue, Chicago, testifies that Dr. Miles cured him after ten able physicians had failed. Mrs. R. Trimmer, of Greenspring, Pa., was cured after many physicians had pronounced her case "hopeless."

As all afflicted readers may have his Book and \$2.50 worth of Treatment especially adapted to their case free, we would advise them to send for it before it is too late. Address, Dr. Franklin Miles, Dept. G, 719 to 729 Main Street, Elkhart, Indiana.

IN BLUE ROOM

President Roosevelt Receives Representative of Venezuela.

Washington, March 10.—Dr. Gabriel Guzman, recently appointed charge d'affaires of Venezuela to the United States, was presented formally to President Roosevelt. The presentation occurred in the blue room of the White House. It is unusual for the president thus to receive any diplomat below the rank of a minister, but in this case an exception was made. The personal exchanges between the president and Dr. Guzman were cordial. In the course of the conversation which followed, Senator Guzman assured the president of the great desire of his government to keep in friendly relations with the United States. He also brought to the president the personal expression of friendship of President Castro, for which the president returned his thanks and the hope that Senator Guzman would return the same feelings to the chief executive of the United States of Venezuela.

Chinese Crisis.

London, March 10.—According to the correspondents at Peking of the Tribune, the Chinese crisis is entering upon a constitutional phase. Yuan Shi Kai, the correspondent says, commands all the approaches to Peking, and yesterday despatched by train the seventh army division to Shantung. His son commands the army outside the wall opposing the bandits. The dispatch adds that the empress dowager and emperor will proceed to the summer palace six weeks hence. General Tich Liang, president of the board of war, will protect the palace with 5,000 men. The feeling in court circles now is much less nervous.

Trade Conditions.

New York, March 10.—R. G. Dun & Company's "weekly review" of trade says: Irregularity is noted in trade reports for the past week, but not more than is seasonable, and mercantile collections are generally prompt. A little conservatism regarding forward business in some industries may be attributed to high prices, although the greatest strength appears in building material, and preparations for structural work are beyond precedent. Railway earnings continue to make striking comparisons with last year's figures, the increase during February amounting to 24.3 per cent. Foreign commerce at this port for the last week showed an increase in exports of \$26,216 over the same week last year, while imports decreased \$71,695.

NEW STATE

Indian Territory and Oklahoma to Form a Commonwealth.

Washington, March 10.—After several hours of speechmaking the senate passed a bill for the admission of a new state to be called Oklahoma, and to embrace the Indian Territory and Oklahoma. The provisions of the bill relating to New Mexico and Arizona were stricken out.

As amended by the senate the bill provides for the creation of the state of Oklahoma out of Oklahoma and Indian Territories upon the adoption of a constitution. The state is allowed the usual quota of executive, judicial and legislative officers, two United States senators and five members of the national house of representatives. A constitutional convention with 110 members, 55 of whom are to be chosen by each of the territories comprising the state, is provided for, and all male citizens or male Indians 21 years of age are made eligible to membership in it. There is an especial provision protecting the Indians in their rights and continuing the prerogative of the national government to control their affairs. The sale of intoxicating liquors in what is now Indian Territory is prohibited for 21 years and longer unless the constitution is changed. Sections 16 and 36 of each township of land in Oklahoma are set aside for the benefit of the common school system, as is also five per cent. of the proceeds of the sale of public lands. There is an appropriation of \$5,000,000 from the national treasury for the benefit of the schools. Provision is made for the support of higher education and charitable institutions. Two districts for United States courts, one in Oklahoma and the other in Indian Territory, are provided for. Guthrie is made the temporary seat of government, but the house provision continuing it in that capacity until 1915 was eliminated.

House Proceedings.

Washington, March 10.—The house passed 408 private pension bills and devoted three hours to the consideration of a bill providing a uniform system of naturalization, the chief features of which require an alien to write either his own or the English language and to speak and read the latter, and to declare his intention to reside permanently in the United States, before he can become an American citizen. The bill is to be the continuing order when appropriation bills are not under consideration. It met many objections, and will prove a fruitful topic of discussion.

POOLING OF CROPS

Legalized By a Bill Passed By the Kentucky Legislature.

Frankfort, Ky., March 10.—The house passed the senate bill allowing farmers to pool their crops and hold them for higher prices. Although the measure is a general one, the main purpose for which it is introduced was to allow Kentucky tobacco growers to combine and secure satisfactory prices for leaf tobacco, something they allege they are at present unable to do on account of the workings of the so called "tobacco trust." Not a vote was cast against the bill in either house and its supporters confidently expect it will receive Governor Beckham's approval.

GEORGIA TRAGEDY

Jealous Woman Shoots and Kills Her Young Sister.

Atlanta, Ga., March 10.—Mrs. Edward M. Standifer, 25, shot and killed her sister, Miss Chappell Whisenant, 18, alleging that she committed the deed because of her husband's attentions to her victim. The girl was to have been married next Wednesday to a young business man of Seneca, S. C. Mrs. Standifer went early to the home of her brother-in-law, D. B. Durham, with whose family Miss Whisenant made her home, and entered the sleeping room of her sister. What words passed between the two was known only to them, but soon shots rang out and Miss Whisenant fell, wounded in the breast just above the heart, and in other vital parts. She died half an hour later without having spoken.

COMPROMISE

May Be Reached in the Conference At Algeciras.

Algeciras, Spain, March 10.—Expositions by the French and German delegates to the conference on Morocco can reform give the impression that a compromise on the points hitherto deadlocked may be reached at today's sitting. The German delegates have now moved from the hitherto rigid standpoint which they have maintained relative to the Moroccan bank, declaring their readiness to grant to French subscribers to the existing loan two shares of the capital of the bank instead of one share as originally insisted on. The French delegates, though outwardly determined not to reduce their demand for four shares as embodied in their project, appear inclined to accept the German offer, but in return expect the Germans to meet them with concessions in the matter of the police.

SIVE ASSOCIATION HAS AL-
READY TAKEN THE MATTER
UP.

The following communication is
from the pen of Attorney I. R.
Longworth:

I notice by the columns of your
paper that property at the northwest
corner of High street and Central
avenue has been chosen for the new
city buildings. I would like to of-
fer a suggestion to our city fathers
through the columns of your paper,
which appears to me to be timely.

Lima is becoming the center of
one of the largest systems of traction
lines of the state. It is already a
railroad center of mark. It is the
center of the political, commercial
and industrial districts of north-
western Ohio, its hotel facilities are
splendid, and it is the ideal place for
the holding of conventions and large
gatherings of people, but it has one
drawback; it has no hall of adequate
size to accommodate a large gath-
ering. It will be remembered that

FOOD OR

Ask your doctor if when
he orders a patient to drink
lots of pure milk he advises
the addition of a large
quantity of whiskey. He'll
tell you "no" very emphati-
cally. Yet there are people
who, when ordered to get
Scott's Emulsion, will accept
some wine, cordial or extract
of cod liver oil and think it is
the same thing or better. If
you want and need cod liver
oil in its best, purest and
most easily digested form, get
Scott's Emulsion. If you
want whiskey, that's another
matter, but don't look for the
same results.

SCOTT & BOWNE, 409 Pearl St., New York.

the Opera House was packed to
overflowing at the recent Welsh Eis-
teddfod, and hundreds of people
were turned away. Canton, Ohio,
by reason of its public auditorium,
which has seating capacity for about
4,000 people, is entertaining all
kinds of conventions and meetings
which are bringing thousands of
dollars into that city. Columbus
likewise reaps the benefit of a large
auditorium. The suggestion that I
would make would be that the city
fathers consider this question in con-
nection with their selection of a lo-
cation for the city building and add
enough property to that already se-
lected to erect an auditorium that
will seat 2,500 to 3,000 people and
meet the needs of our advancing city
in that particular. Will you kindly
give space to this communication
and I trust that the City Fathers,
the Progressive association and our
prominent citizens will see that the
suggestion is timely and move at
once in this direction. Respectfully
yours,

I. R. LONGWORTH.

In regard to this, it will probably
be interesting to know that, on the
night of the Welsh Eisteddfod men-
tioned a party of citizens, who are
members of the Lima Progressive
Association, started a movement
along that line, and at the present
time there is subscribed to the fund
\$3,000. There has been very little
work done on the proposition on ac-
count of the time being taken up
on the Guarantee Fund of \$100,000,
which is being raised among the busi-
ness men and property owners of
Lima, to be used for the purpose of
promoting manufacturing interests
and giving financial assistance to
manufacturers by guaranteeing their
paper instead of giving them a
bonus; the fund to be in charge of
three trustees. As soon as this is
complete and in working order the
Auditorium proposition will be taken
up and pushed to a completion, and
I have every confidence that before
the close of the year 1906, Lima will
have an Auditorium that will be a
credit to the town. All it requires
is the hearty co-operation of people
of means, which we have every as-
surance will be forth coming.

It is proposed to invest from \$50,-
000 to \$60,000 in a site and build-
ing. There is no doubt in the minds
of all progressive citizens of Lima
about the necessity of this building,
as every thing points now to a rapid
increase in Lima's population, and
the watch word of all progressive
citizens should be 50,000 people for
Lima in 1910.

Let everybody be for Lima first,
last and all the time, and if we do
not reach this point, we will certain-
ly not be far from it.

The Progressive Association is
making a hard fight for Lima, and
there is no reason why every prop-
erty owner, merchant, manufacturer
and public spirited citizen should not
be a member of this Association.
Don't leave a handful of men to do
all the good for Lima, but get into
the ranks and do your part.

Very respectfully,
F. E. HARMON.

Wm. Numan Talks.
I read with much interest the ar-
ticle written by Mr. Ira R. Long-
worth in reference to an Auditorium
for our city, and I think every good
citizen will agree that such a thing
is an absolute necessity in Lima.
Unless something of this kind is
built here some other town in west-
ern Ohio will beat us to it.

It is not only necessary that we

have something of this kind, but
properly managed it would be a
source of revenue to the city. The
Canton Auditorium sold their entire
seating capacity at a concert given
by Creatore and I understand cleared
up about one thousand dollars on the
performance. They had Paderewski
at an expense of two thousand dol-
lars and cleaned up over fifteen hun-
dred dollars on the entertainment.

There is nothing that advances a
city more than being known as a
convention city.

Now I would suggest to the

authorities that they "get busy" on
this proposition; look into it thor-
oughly and see if some plan can
not be devised whereby this Auditor-
ium proposition could be annexed to
the proposed new city buildings.

ONE DAY IN OHIO.

FAT PROFITS WERE DIVIDED

Says a Witness Testifying Before
the Drake Committee.

TREASURY MATTERS AIRED

Former County Commissioner Charac-
terizes the Regular Examinations of
the County's Strong Box as a Farce.
Says Treasurer Always Had Notice
and Prepared For It.

Cincinnati, O., March 10.—After an
all-day examination of stockholders of
various turnpikes which were bought
by the county commissioners through
Attorney Dolle, the Drake committee
finally secured a statement from P. N.
Wright, secretary of the Cincinnati
and Hamilton pike, that Dolle had told
him that the \$5,000 apparent profit
which he made in purchasing that par-
ticular road had to be divided. Wright
said: "I did not ask Dolle who else
got any of the money, and he did not
tell me, but he did say that he did not
get all of it." Attorney John E. Bruce
confirmed the previous testimony as to
being consulted by turnpike stockhold-
ers as to their legal rights to sell their
property.

The committee then returned to the
county treasurer's office. George Lin-
nemann, a former county commission-
er, testifying as to examinations of the
treasurer's office. He considered these
a farce, saying that the treasurer was
always notified and was ready for the
examination. Linnemann said that at
one time he wanted to make an ex-
amination when it was not expected,
and offered to the county commis-
sioner a suit of clothes or \$50 that the
money was not all in the treasury.
Barnes winked and shook his head.
Linnemann also testified that the Cin-
cinnati and New Richmond turnpike
had at one time been offered to the
county for \$7,000 and was afterwards
sold to the county for \$12,000.

To Amend Constitution.
Columbus, O., March 10.—Radical
change in the conditions governing
the proposal and adoption of constitu-
tional amendments is proposed in a
joint resolution offered yesterday by
Senator Williams, proposing a consti-
tutional amendment. Under the pre-
sent constitution an amendment pro-
posed must have a three-fifths vote of
both houses of the general assembly,
and upon adoption by popular vote it
must have a majority of all votes cast
at the election at which it is offered.
Under Senator Williams' proposed
amendment it will require a two-
thirds vote of both houses to propose
an amendment, making the proposal
more difficult, and merely a majority
of those voting on the amendment to
adopt it, materially lessening the dif-
ficulty of adoption.

Killed By Stray Bullet.

Steubenville, O., March 10.—A
Polish wedding was held at Bradley,
and it was responsible for a riotous
demonstration by the male wedding
celebrators. Fully 1,000 revolver shots
were fired by the crazed Polacks, and
nearly every house in the place had
windows broke by bullets. Mrs. Mary
Fenski was shot and killed by a stray
bullet and was found on the floor cold
in death by her husband when he came
home from work.

Believes in Reform.

Wapakoneta, O., March 10.—The
state board of public works has can-
celled a lease of state lands because
liquor was sold on the premises. The
City Brewing company has held a lease
on Reservoir park, just west of St.
Mary's. When the Sunday lit was put
on in that city many citizens found it
necessary to go to the park to quench
their thirst.

Panic in a Hospital.

Cleveland, O., March 10.—A threat-
ening fire broke out in the four story
brick building occupied by the Cleve-
land Homeopathic medical college on
Huron street, adjacent to the Huron
street hospital, where several hundred
patients were confined in beds. The
flames leaped from the college build-

Found Guilty of Rioting.
Springfield, O., March 10.—Eight out
of the 13 rioters on trial for partici-
pating in mob violence last week
were found guilty late yesterday. Those
found guilty are: John Pierpont,
Harry Barber, George Epprecht, Kemp
Teeder, Carl Wise, Carl Kloefer, Glen
Johnson and Frank Young. The jury
recommended leniency in each case
and asked the court not to inflict a
workhouse sentence. The maximum

Let stand until cold, then take out the meat, discard tubes and gristle and put through the food chopper. Measure, and to two solid cups add one cupful of fresh bread crumbs, soaked in milk or chicken stock, a high seasoning of salt and pepper, ten drops of onion juice, two tablespoonfuls of melted butter, two tablespoonfuls of finely chopped mushrooms and one tablespoonful of finely chopped parsley. Fill well-buttered timbale molds (these may first be decorated with hard-boiled white of egg, cut in fancy shapes), a moderate oven until firm in the center. Serve with a good brown sauce to which may be added chopped olives and mushrooms.

You owe it to your family to have a box of **TONSILINE** ready for instant use at the first appearance of Sore Throat. **TONSILINE** will positively cure it and by using it you avoid the danger of Tonsillitis, Quinsy, Croup, Diphtheria and other dread diseases.

No wonder **TONSILINE** is so popular a Sore Throat Cure. It is made to cure Sore Throat. When you have Sore Throat the gateway to the body is sick. Then you need a remedy you can be sure of—one made especially for curing Sore Throat. Don't delay—**TONSILINE** is the stitch in time. 25 and 50 cents, all druggists. The Tonsil Co., Canton, Ohio.

Apple Croquettes.—Pare, quarter, core and steam six large, tart apples. When tender, turn them into a saucepan, add six tablespoonfuls sugar, place on slow fire and stir occasionally until well dried out. In a second saucepan melt and cook together for a moment two tablespoonfuls each of butter and cornstarch. Into this gradually stir the apple, and when smoothly thickened add the well-beaten yolks of three eggs and stir constantly at the side of the fire until the mixture is very thick; add a grating of nutmeg or a few drops of vanilla, then set away until cold and firm. Shape into tiny croquettes. These are to be egged, crumbed and fried in deep, smoking hot fat just before dinner is served.

A Neighboring Call.

During the absence of Mrs. Kate Herrington, her friends and neighbors for miles around gathered at her beautiful country home, with well-filled baskets. Upon her return, she was greatly surprised to find her friends in possession. At noon the bountiful dinner was served and the remaining hours passed pleasantly in social chat and music.

Wimodaughis Circle.

The Wimodaughis Circle was very pleasantly entertained by Mrs. Frank Lewis, of south West street, on Thursday afternoon. The ladies spent a social afternoon with their needlework.

The hostess, assisted by Mrs. Turner West and Mrs. Llewellyn, served a delicious two-course luncheon. The next meeting will be Tuesday, the twentieth of March, with Mrs. Geo. Taylor, of west Wayne street.

GREAT

Excitement in East End Over

THE RECENT STRIKES IN OIL—NUMBER OF TOWN LOT WELLS DRILLED

In Old Territory and Some of Them Are Starting Out at Seventy Barrels a Day.

Lima stands a chance of another oil boom, a number of good wells having been drilled in old territory during the past week and the smallest one is doing forty barrels a day. Since the initial well was drilled within the city limits in the east end a few weeks ago, a number of derricks have shot up and many more wells are planned.

On east North street, near the Mattress factory what is known as the Leviness well was shot last night and starts out at the rate of sixty barrels a day. Another well has been completed on the river bank on east North street, being drilled in yesterday, and according to reports shows for a seventy barrel producer. The Atmer well just across the street, is also reported good for seventy barrels a day. The timber is on the ground on the lot occupied by Ash's grocery, 836 east High street, and the drill will soon be busy.

The well of Theodore Feist, located on his property just west of the C. H. & D. railroad, on east High street, is holding up nicely at a forty barrel per day clip.

GAS STRUCK IN SUPERIOR.

Superior, Wis., March 10.—A strong and steady flow of natural gas was struck this afternoon by workmen, who were drilling an artesian well on city property in the East End.

Caney, Kan., March 10.—The largest gas well in the world continues to burn fiercely. Its flow is estimated at nearly 70,000,000 cubic feet daily. Leading officials of the Kansas Natural Gas company, owners of the well, are on the scene. They are reported to have offered \$20,000 to anyone who puts out the fire.

Gas worth thousands of dollars is burned daily. The roar of the well is plainly heard at Independence, 23 miles away. John Guernsey, a farmer, living three miles from the well, says his house trembles with every fresh outburst of gas. The windows in Caney have never ceased rattling since the well took fire from lightning, February 23.

As Dangerous as Dynamite

Most deaths are "accidental suicides." Self-poisoning is the commonest form of disease. Not with strychnine or carbolic acid or drug poisons, but with the poison made by the body—uric acid.

Each day as much of this poison passes through your kidneys as you could lay on your thumb nail! Think of it.

And nine-tenths of all chronic disease is due to uric acid.

Self-poisoning without knowing it.

ON YOUR KIDNEYS DEPENDS YOUR LIFE

Did you ever have a stick of dynamite in your hands? How carefully you would handle it.

Yet no explosive could be more dangerous to your life than a silent poison, could it?

Well, there is a slow, silent poison always present in your system—a poison your physician calls uric acid. Are you careful about it?

This uric acid is constantly being made out of the waste matter of your body and your kidneys filter it out of the blood and carry it off just as fast as they can.

But when you eat too much—or your system gets run down—the amount of uric acid is greatly increased.

Thus your kidneys are overworked—diseased—Nature's outlet for the body's poison is clogged and unless this kidney trouble is relieved by removing the cause—uric acid—the whole system is rapidly affected.

Thus kidney trouble is one of the simplest but most terrible of human ailments.

HOW URIC ACID DISEASES BEGIN. Backache, poor digestion, biliousness, dry skin, darting pains, sleeplessness, dark-colored urine (in women, menstrual disorders), sluggish brain and shortness of breath—these are the beginnings of uric acid poisoning.

These above symptoms must not be neglected. If you experience them or have kidney trouble or any of the diseases that follow them, take LIFE PLANT. Strike now. Cure yourself by removing the cause of disease.

ARE ALL COLLEGE FRATERNITY MEN, SO SAYS PRESIDENT SMITH, WHO TALKS TURKEY TO THE STUDENTS.

Ada, Ohio, March 10.—Yesterday morning in his lecture in chapel, President Smith spoke strongly regarding the discipline of the school. Six students, it is said, have been expelled from the institution, and charges of drunkenness, gambling, and other misdemeanors have been made against students. The president related regarding the girls having no company at all and now they can entertain one night a week not later than ten o'clock, and the meetings must take place in the parlors of their boarding houses. The next rebuke was for the fraternities, and all men belonging to them can either sign a pledge before the president to sever their connections with their fraternities or leave school.

President Smith said of the fraternities: "The are conceived in sin, born of iniquity and fathered by the devil, and are a bunch of snob societies," and he wants no snob in the O. N. U.

Elopes with Wife's Kiss on His Lips

Leaving a wife and children here, Ollie Ritchie, a tin merchant, eloped yesterday with his amour, Mrs. Gertrude Lark, with whom he has maintained a residence unknown to his wife for many months.

Mrs. Lark was tried before a grand jury this week, being released by a disagreement, which was followed by the arrest of Ritchie, on affidavit of his wife, developments having exposed the married man's dual life.

Ritchie returned home Thursday night, pleaded forgiveness and succeeded in having his wife's charge withdrawn. Then with her kiss upon his lips, left on a northbound train, accompanied by the woman who seems to have a mesmeric influence over him.

Tonight—"The Fatal Wedding."
Tuesday—"A Millionaire Tramp."
Thursday—"The College Widow."
Friday—"Kelsey & Shannon" in
"The Lightning Conductor."

So exacting and fatiguing is the role of "Jesse" in "The Little Mother" in "The Fatal Wedding," which will be the attraction at the Faurot Opera House tonight, that Sullivan, Harris & Woods have engaged the services of two child artists, the Misses Queenie Marble and Gusie Shires to interpret the part. Each of these very young women will alternate with the other at the various performances, thus giving each four to five performances a week, instead of the usual nine. This character as "The Little Mother" is one that appeals instantly to every feminine heart, and to that fact may be ascribed much of the success of this remarkable melodrama.

Good Character Play Coming.
Fifteen years ago it occurred to Elmer Walters that a "tramp" play, properly constructed and decently produced, would prove a lasting dramatic entertainment that would be relished by all classes because of the general popularity of the American vagabond.

Mr. Walters' judgment immediately brought him into the theatrical field of success. The public, from time to time, have been imposed upon by other so-called "tramp" shows which have grown from the seed of Mr. Walters' success, but none have yet been found to meet with the public approval of a "Walters" production.

"A Millionaire Tramp," which will be seen at Faurot Opera House next Tuesday, is considered to be an attraction of equal strength with "The Old Homestead" and plays of a like character.

George Ade, whose famous "Fables in Slang" gave him a unique distinction, fulfilled the measure of his promise when he wrote "The College Widow," that charming comedy of American life which will be seen for the first time in the city at the Faurot Opera House next Thursday, March 15.

To be sure "The County Chairman" eliminated dispute regarding Mr. Ade's ability to construct satisfying plays, but "The College Widow" is so pre-eminently the comedy of years, that Mr. Ade's claim to the

car and not its master. He also states that as his services will no longer be required by the Hon. John Winston, he would be pleased to take the place vacated by the discouraged and dishonest Rattray. Molly engages him and the gentleman of course becomes her chauffeur. Molly's aunt is so disgusted with herself and with him for having taken him for a gentleman that she takes an instinctive dislike to James Brown, mechanic.

Molly is being pursued by an enamored Frenchman, who originally has made himself agreeable to Miss Kedison, the aunt. He shares her dislike for James Brown, who proves himself unwarrantably useful to the ladies for a paid mechanic. So mad with love is Talleyrand that he burns Molly's jurgernaut in the hope that she may be induced to travel in his own machine. Molly does not like the Frenchman and expresses herself in round terms of contempt and anger when it is proven that he has destroyed her car. This crime Talleyrand tries to put upon Brown, who, however, exonerates himself and so circumvents the Frenchman that Molly unwittingly hires John Winston's car to continue her tour through France. This fans the Frenchman's hatred to white heat, and hating John Brown, it is not difficult through a series of inadvertencies to fasten upon him the murder of his master, John Winston.

Meanwhile John Winston's mother, Lady Brighton, has discovered an English heiress, with irreproachable millions, and notified her son to meet her with the gilded lady at Cannes. John was nothing loathe until he met Molly and she entangled his heart in her service. Jabez Barrow accompanies his daughter and announces with assurance that she is the fiancée of the future Lord Brighton. John Winston meets him as James Brown, chauffeur, and is rather astonished that his courtship with the young lady he has hitherto not met has progressed so far. Comparison between the two girls makes Molly all the more adorable and he determines to arrange matters so he can see his mother and explain to her how matters stand and leave her to straighten out the Barrow tangle.

About this time Lady Brighton is informed that her son has evidently been murdered by his quodam chauffeur and there is a nice how'do do

Kersands is the same as he always has been—one of the cleverest of negro comedians. The soloists were good and the chorus work and ballads were exceptionally good.

Comedian Al. H. Wilson tells of himself. He was standing on a street corner when he was approached by one of his friends who said abruptly: "I tell you what, Mr. Wilson, I've got a girl that loves me. I was just passing her home when she stepped out into the street, and she looked so pretty that I couldn't help giving her one on the lips right then and there." "Did she stand for it?" asked Mr. Wilson smiling. "Did she stand for it?" repeated the young man; "Why, she got up on her toes."

top rung of the ladder of fame as a playwright is beyond contravention. With Mr. Ade's ideas fully met in the liberal and painstaking producing policy that marks all the efforts of Henry W. Savage, "The College Widow" becomes at once the most popular and widely discussed play of the day. Correctly set, adequately cast and with each and every detail as carefully looked after as in the New York and Chicago presentation, "The College Widow" comes to Lima for a ratification of the thus far invariable verdict—"The best ever."

The new comedy "The Lightning Conductor" coming to the Faurot Opera House next Friday the 16th of March, has its inception in an American girl's whim to tour France in an automobile. She starts out joyously in the purchase of a machine, an antiquated thing, that proves a veritable white elephant. So full of "quirks and crankies" is this dream of quick locomotion that Molly Randolph's chauffeur deserts her on a lonely road in France, decamping with her money. She and her aunt are found there by a motoring Englishman who falls in love with the fair American on sight, and extricates her and the aunt from their predicament. So charmed is he with the lady that he is loath to terminate the acquaintance and to extend his time in her society, represents himself as the chauffeur of his own

all along the line, from which, of course, the Honorable John extricates himself with honor and Molly justifies her judgment of herself that she could not possibly have fallen in love with any man not to the manner born.

All the scenes are laid in France and are historically and geographically correct, as every effort has been made to invest the play with the atmosphere of Southern France, where the action takes place. Kelcey and Shannon have the best parts in this new motor play since they left the old Lyceum Theatre, New York.

Billy Kersands' Famous Minstrels will be seen at Faurot Opera House, Saturday, matinee and night, April 7, with the Famous Washington First Part as the feature of the attraction. This spectacular novelty is now the talk of the theatrical world, and no one should miss it. The Chicago Daily Tribune has the following to say regarding the Kersands show of this season:

Billy Kersands' Famous Minstrels opened a week's engagement at the Folly last evening to a large and well pleased audience. The famous Watermelon First Part, which was the curtain-raiser, dazzled and amazed the large audience and brought forth a generous burst of applause.

The show is a first-class one in every particular and is one of the

NO TRUTH

In the Statement Published in the Times

WEDNESDAY EVENING THAT FINDLAY MERCHANTS SELL GOODS CHEAPER THAN LIMA MERCHANTS.

In Fact the Situation Is Just the Reverse and One Bluffton Man Who Has Shopped in Both Places Is Our Authority.

A statement was made in the Lima Times-Democrat Wednesday evening that there was every reason in the world why Bluffton residents should go to Findlay to do their shopping, setting forth as one of the reasons that the difference in prices charged by Lima and Findlay merchants would more than pay railroad fare.

THE DAILY NEWS wishes to deny this statement and wishes to correct the impression scattered among the Bluffton people that they can get goods cheaper at Findlay than at Lima. It is not true. THE DAILY NEWS has made an investigation since the publication of the article in the Lima Times-Democrat, and is in a position to know. The necessities of life can be bought cheaper in Lima than in Findlay. Come down and try it.

Manager Maxwell Made the Committee a Fair Proposition which They Declined to Accept.

As has been stated the fire boys of the city have arranged for a special matinee for tomorrow afternoon for the children of Lima who desire to see the moving pictures. This move it seems does not meet with the approval of the ministers of the city and the Pastors' Union appointed a committee to wait on Manager Maxwell yesterday afternoon.

The matter was discussed pro and con and finally Manager Maxwell agreed to stop the matinee if the members of the Pastors' Union would cause the schools to be dismissed Monday noon so that the matinee could be held Monday afternoon instead of Sunday afternoon. THE PREACHERS HAVE FAILED TO DO THIS AND THE MATINEE WILL BE PUT ON TOMORROW AFTERNOON.
